

## “Never Shall I Forget”

### Part A.

**Directions:** Reread the section of chapter 3 in *Night* in which Elie Wiesel repeatedly uses the phrase, “Never shall I forget.”

1. How does the style of the passage differ from that of the paragraphs that precede and follow it?
2. How does the repeated phrase affect the reader?
3. What are the memories that Wiesel will never forget?
4. How did those memories affect the rest of his life?

### Part B.

**Directions:** The passage is highly poetic, but it is presented in prose form. On separate paper, rearrange it in poem form, making careful decisions about where to place line and stanza breaks.
